

MENTORS NEEDED!!!

- Do you have at least an hour a week to make a real difference in the life of a high school student?
- Do you appreciate the struggles of growing up and want to lend a hand?
- Do you want the reward of seeing students grow and develop into productive adults?

If so, become involved in this program where selected adult mentors will meet weekly for not more than 1 hour with a group of 8 to 12 students during the school year. These are bright students who are not reaching their potential due to lack of attention and a lack of basic life skills. You can make a difference!

Youth Are Our Most Vital Natural Resource
